

The Greentown Litterbugs

One day Ricky, Rachel and Munch were called out on an emergency job to clean up after a very messy picnic. The Greentown Litterbugs had been enjoying a very messy picnic indeed, bringing with them all of their favourite drinks and food. Lizzie Litterbug brought FizzEPop cola that came in a cool **glass bottle**. Lucas Litterbug brought Bubble Berry lemonade that came in an **aluminium can**. After drinking the drinks, the Litterbugs threw the bottle and can on the ground.

The Litterbugs also brought some yummy cakes in a **hard plastic container**. Most people would take the container home to wash and reuse it, but not the Litterbugs. They left the container at the picnic site. They also brought some bananas as a healthy treat but after they finished their bananas they left the peels on the ground. When the Litterbugs finally finished eating they left the newspaper on the table and the wind blew them into the bushes.

Arriving after the Greentown Litterbugs had left, Ricky and Munch turned up only to find rubbish all over the ground. Clearly the Litterbugs need to learn to throw their rubbish away and recycle and reuse their waste!

Read this story to the children and then see if they can answer the questions on the PowerPoint...
