Tidworth Water Resources Management Plan 2019

Our Water Resources Management Plan 2019 (WRMP19) sets out how we will balance water supplies with water demand and protect the environment for the next 25 years in line with 37B(1) (a) of the Water Industry Act 1991 'the Act' (as amended by the Water Act 2003).

We have been authorised to publish our final WRMP19.

The Plan consists of:

- WRMP Contents
- WRMP Report Public
- Water Industry Strategic Environment Requirements (WISER) Report
- Appendices 1 to 9 (which contain technical supporting information for the Plan)
- Project Plan (which details implementation of the content of the Plan)
- Response to Public Consultation
- Dry Year Annual Average (DYAA) Table
- LB 2.74 Table (Leckford Bridge export maintained at 2.74 MI/d)

The Plan will be reviewed annually in July and any changes will be communicated.

A revised plan (in accordance with the procedures set out in section 37B of the Act) will be produced within 5 years from the date of the publication of this plan.

A handwritten signature in dark ink, appearing to read 'Fiona Winters', is positioned above the printed name.

Fiona Winters
