

Hi!

Let's talk about
The Waste Journey

What is
waste?

Now let's hear all about
**The Litterbug
Family**

The Greentown Litterbugs Family Picnic

Question 1:

What items did the Litterbugs bring on their picnic?

Question 2:

What did they do with their litter?

Question 3:

What should they have done with...

- (1) The newspaper?
- (2) Lizzie and Lucas's glass bottle and can?
- (3) The hard plastic container?
- (4) The banana peels?

Can you answer these questions about the story?

Big holes in
the ground?

The sea?

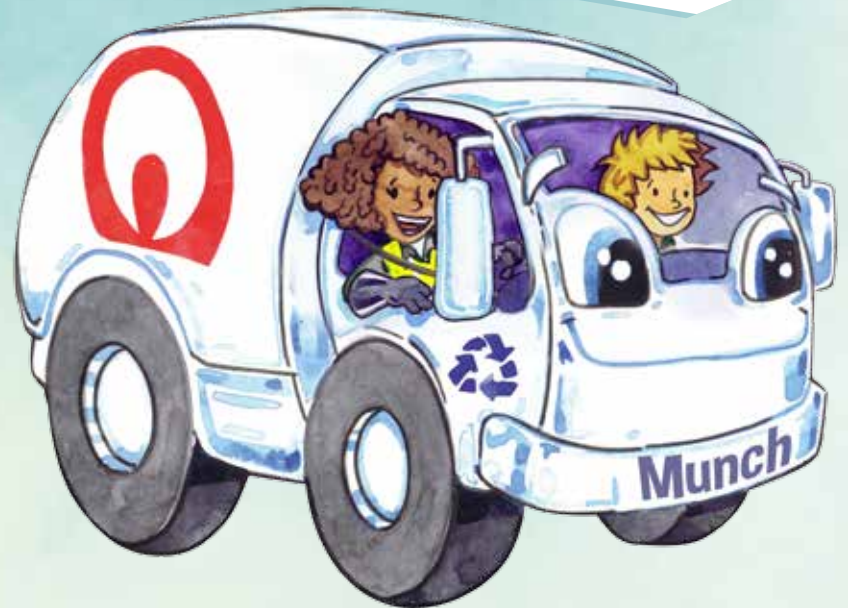

?

Somewhere
else?

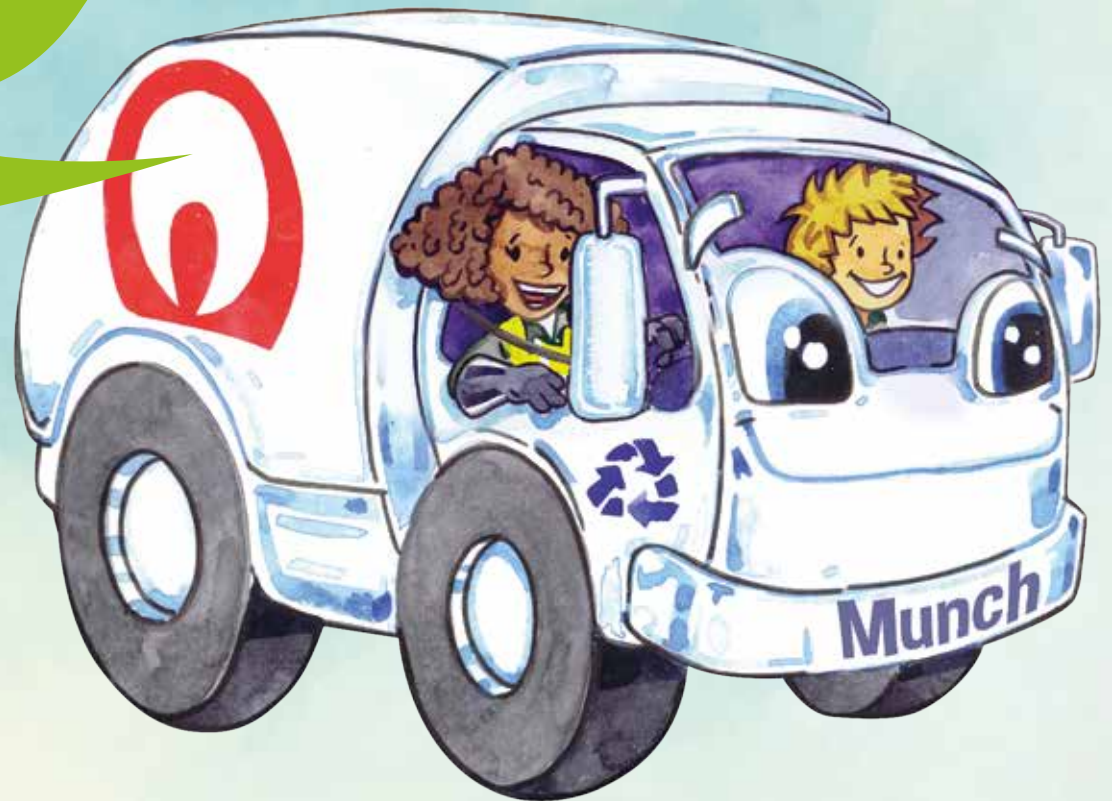

The beach?

But where
does all the
waste go?

Making electricity?

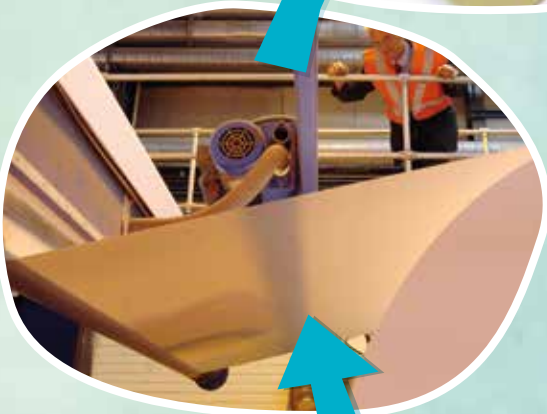

Let's follow the
journey of each item
of waste to see what
happens to it...

Let's start with
newspaper

Start the newspaper journey at the orange circle!

Now let's look at
plastic

Start the
plastic
journey at the
orange circle!

Next, let's look at
the journey of a
crisp
packet

Start the
crisp
packet
journey at the
orange circle!

Finally, let's look
at the journey of
glass

Start the
glass
journey at the
orange circle!

There are lots of things
that we can do to help stop
some of our rubbish going
to big landfill sites.

Reduce

Recycle

Reuse

Energy

Compost

Now can you name three things that help us to throw away less rubbish?

(a) Reduce

(c) Reuse

(b) Rainbow

(d) Recycle

Paper?

Cans?

Glass bottles?

Crisp Packets?

Which of these
can be recycled?

What happens to the rubbish that we throw in our rubbish bins?

It is used to make electricity in an Energy Recovery Facility?

It magically disappears?

It is recycled and turned into new things?

It is sent into space?
